

### Camping ticket at Velofest.

- Camping will be open from Friday evening until Monday. However there will be limited resources on Friday and Sunday evening. Toilets and showers are readily available.
- We ask that no vehicles are allowed into to the camping field unless you are coming in motorhome/campervan. In this case – you will be escorted in and out of the site.
- There will be drinking water onsite – however this is a temporary supply, so it will not be high pressure. It might be worth bringing your own drinking supply.
- We will have 24hour security on site from the start of the festival on Saturday. From this time the camping area will be monitored by staff therefore access is only available for those wearing the appropriate wrist bands.
- Passes for the festival and cycling events will be available to collect from Saturday morning.
- Please ensure that you leave the site as you found it. There will be clearly marked waste and recycling sites throughout the site and camping.
- Well behaved dogs are welcome, please keep them on the lead and pick up all waste.

We look forward to welcoming you to Velofest – We hope that you have a lovely time!
